HUMAN TRAFFICKING

23,000,000 PEOPLE

PEOPLE who belong to real families, with parents, sisters, brothers...

EDUCATION RESOURCE

ACRATH has developed an educational resource kit for secondary school teachers to assist in educating and raising consciousness about the issue of human trafficking. Supported for a second time by the Catholic Education Office, ACRATH will offer a training day for teachers at the Catholic Leadership Centre on Thursday 31st Oct, to help them to implement this new program. The resource has five aims:

- To educate and raise consciousness about human trafficking
- To provide a process for teaching about human trafficking
- To invite reflection on the issue of human trafficking
- To encourage action to address the issue of human trafficking
- To invite transformation in attitude on the issue of human trafficking

ACRATH is committed to working together towards the elimination of human trafficking in Australia, in Asia, the Pacific and internationally.

For expressions of interest please contact the Education group of ACRATH education@acrath.org.au giving your name, school, school phone, mobile phone and email address as soon as possible.
